Mr. Alexander Kapinos  
Hub Manager  
Roadway Package System, Inc.  
→ 230 Perry Road  
Kernersville, North Carolina 27284

Dear Mr. Kapinos:

As you know, the deadline for notification has passed regarding your request for STAA access on NC 66 from US 158 to the Roadway Package System terminal on Perry Road in Kernersville. Therefore, technical approval is granted for STAA vehicles to access the terminal using that route.

This approval is based on six round trip movements per day. We feel that safety will not be impacted by this small number of trucks to be introduced into the traffic stream. We do plan to monitor this section of road very closely. If safety problems do appear as a result of Roadway Package System's STAA dimensioned vehicles, revocation of this approval may be invoked. The Rules For Access Routes For STAA Dimensioned Vehicles allow revocation with 30 days notice to the trucking company.

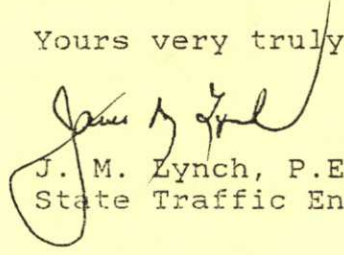

The approved route is described as follows:

*NC 66 from US 158 south to SR 2029 (Perry Road), then north on SR 2029 (Perry Road) to the Roadway Package System terminal in Kernersville, Forsyth County.*

All weight limit restrictions that may exist on this route must be observed.

Please let me know if you need additional information.

Yours very truly,

  
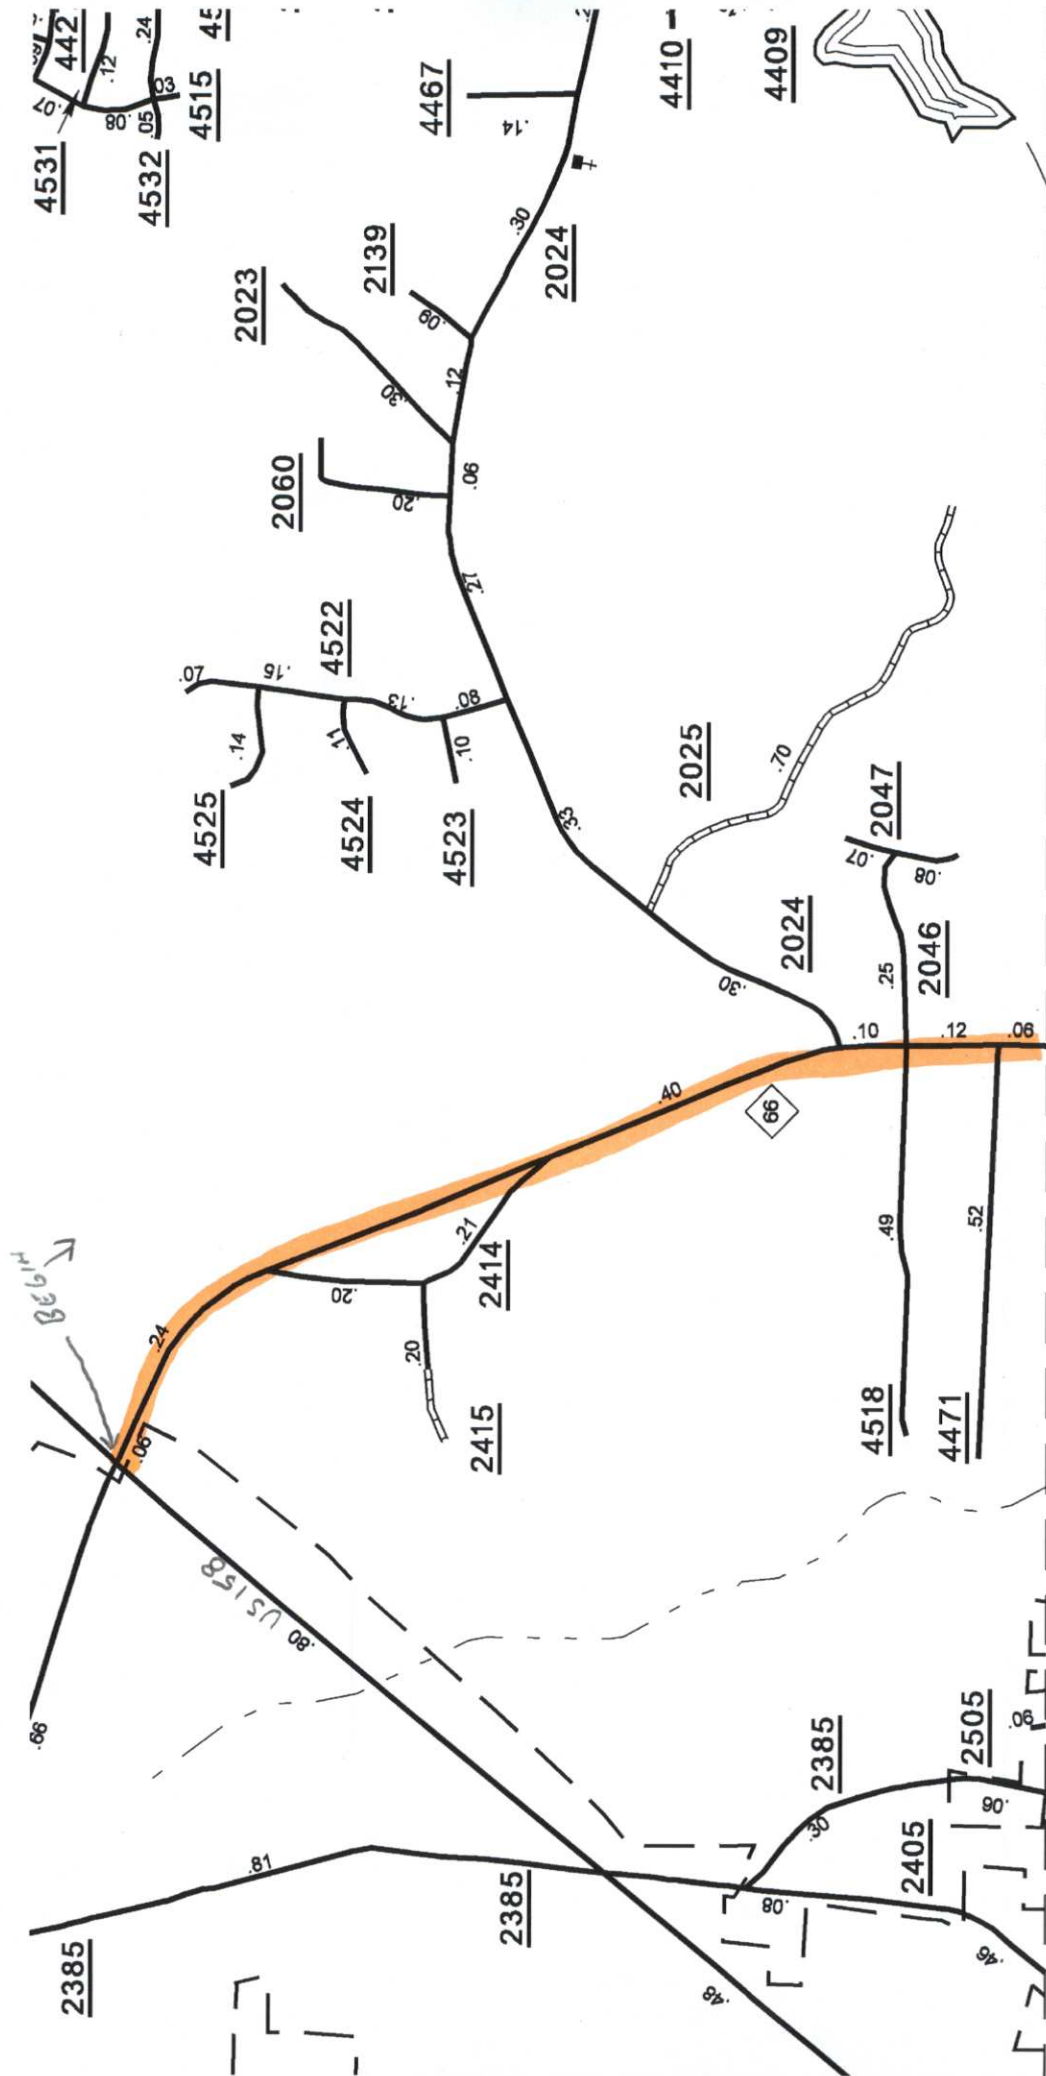

J. M. Lynch, P.E.  
State Traffic Engineer
